

Application for Membership

We hereby apply for membership of the CGi and agree to pay the annual subscription based on the number of our employees. The annual subscription is due by 31 December each year. To calculate subscription levels please refer to the subscription details on our website www.thecgi.net. Your application will be considered by the Committee at the next meeting following the receipt of this application together with your first year's subscription or part thereof, calculated on a monthly pro rata basis, if you are applying to join in the midterm.

Please make your cheque payable to: **Confederation of Guernsey Industry** and post to: The Director, CGi, Suite 3B, Harbour View, Harbour House, The Albany, St Peter Port, Guernsey, GY1 1AQ.

Notice to withdraw membership should be made in writing to the Director at least two months prior to 31 December.

Benefits of Membership

The objective of the Confederation is to help create a healthy environment for businesses to progress and prosper. The Confederation provides leadership and initiatives to enhance the status and contribution to the economy and the stability of the island.

By joining the CGi you become part of a network of companies sharing knowledge, speaking with one voice and, through the membership's mass, help to secure positive action with government.

- Representing the interests and special needs of members
- Opportunity to establish and develop business contacts
- Opportunity to attend seminars, lectures and events
- Member meetings with speakers from various States Departments
- Regular information resources for our members
- Promotion of career opportunities in the sector through school liaison
- Fast link to your own website through the CGi site.

The CGi also believes in giving something back to the membership and the community. In this respect we organise and support the following initiatives:

- The CGi strongly supports the future generation of entrepreneurs and works in partnership with a number of agencies to promote business in the Island.
- We are also keen to engage and continue to develop a proactive dialogue with the States.
- We recently extended our long-standing support of coding clubs in the island's high schools for the last three years into two primary schools.
- The CGi also has a student bursary available to members to assist in the training and development of their staff.
